[1](#)1. The FE/BR windows installed in the ground floor of the Vatican Chancery are deteriorating and three of the thirteen panels have already suffered fogging damage which limits the visibility and light entering through the panels. The FE/BR panels, which were installed in 1993/1994, are reaching the end of their serviceable life. Per reftels, Post requests OBO/PE/SM assess and schedule Post's FE/BR panels for replacement.

[1](#)2. Embassy Vatican POC is Mgmt Officer Peter Ganser. This request was coordinated with OBO Area Manager Kenneth Parent.
